ANNEX I

Templates for providers of numberindependent interpersonal communications services

PART I

GENERAL REMARKS

Pursuant to Article 3(1), point f, subparagraph (vii) of Regulation 2021/1232, providers of number-independent interpersonal

communications services shall fill in the templates in this Annex.

These are the categories in the Regulation:

- (1) the type and volumes of data processed;
- (2) the specific ground relied on for the processing pursuant to Regulation (EU) 2016/679;
- (3) the ground relied on for transfers of personal data outside the Union pursuant to Chapter V of Regulation (EU) 2016/679, where applicable;
- (4) the number of cases of online child sexual abuse identified, differentiating between online child sexual abuse material;
- (5) the number of cases in which a user has lodged a complaint with the internal redress mechanism or with a judicial authority and the outcome of such complaints;
- (6) the numbers and ratios of errors (false positives) of the different technologies used;
- (7) the measures applied to limit the error rate and the error rate achieved;
- (8) the retention policy and the data protection safeguards applied pursuant to Regulation (EU) 2016/679;
- (9) the names of the organisations acting in the public interest against child sexual abuse with which data has been shared pursuant to this Regulation;

Or. en

Justification

As Regulation 2021/1232 does not provide a template for the reporting, providers shared different types of information which were not necessarily comparable which makes it necessary to establish a template to fulfil the obligation for reporting by providers pursuant to $Article\ 3(1)(g)(vii)$ of Regulation (EU) 2021/1232
